

Environment & Sustainable Development Engineer

(Ref: ENV0524)

About the job

HERACLES Group, Greece's leading company in the field of building materials and a member of Holcim, is seeking to cover the position of **Environment & Sustainable Development Engineer** for our Head Offices in Athens.

Role & Key Accountabilities

The purpose of the role is to manage and align business operations in accordance to Holcim's Sustainability ambitions in regards to owned ready-mix concrete and aggregates sites as well as to Construction & Demolition Wastes (CDW) recycling units operated by third parties.

- Develop and implement action plans to ensure business sustainable development
- Ensure compliance with Environmental Legislation and keep up to date with local, European regulations, company standards and policies, as well as the Environmental Management system. Lead necessary actions with peers.
- Liaise with relevant bodies such as Local Authorities, Ministry and Public Bodies in order to ensure proper licensing and certification.
- Carry out audits to identify, assess and reduce environmental risks.
- Promote and raise awareness at all levels in the organization of the impact of emerging Environmental regulation and company ambition, and design relevant activities
- Analyze and report environmental performance to internal and external stakeholders and to local Regulatory bodies.

Qualifications & Skills

- Degree in Chemical or Environmental Engineering.
- 3 years of professional experience, ideally in the industrial sector.
- Very good level of written and spoken English.
- Knowledge of Environmental Legislation and Environmental and/or Energy Management Systems (ISO 14001, ISO 50001)
- Strong interpersonal skills and ability to build trust and inspire
- Critical thinking

- Project management
- Negotiation & Change Management
- The job requires frequent travels, app. 1/3 of the business time.

The company offers:

- A unique opportunity to work for a leader player in the building industry.
- Continuous training and career growth opportunities within an international Group.
